## SEPTEMBER PRICE INCREASES.

Dear customer,

Given the current market conditions we know how important it is that you are provided with advance notice of any significant price changes. We are therefore advising you of some price increases on products that you have purchased previously. The below increases will come into effect on September 1st 2021.

| Product Category                  | Price Increase |
|-----------------------------------|----------------|
| Wheelbarrows                      | 10 – 15%       |
| Sealants, Adhesives and Chemicals | 5 – 20%        |
| MDF Mouldings                     | 20%            |
| PIR Insulation                    | 7%             |
| Glass Wool Insulation             | 12%            |

Please note, the above increases do not apply to all products within the categories and only highlight the most relevant price increases.

### Why we're increasing our prices.

We are currently experiencing unprecedented increases on sealants, adhesives and chemicals. These increases are the result of the continued rise in demand from both within the construction industry as well as outside (e.g. in the automotive industry). This demand has ultimately resulted in reduced supply of key raw materials used in their production which has increased costs.

The rest of the market is being affected by increased costs of a number of factors including but not limited to; importing finished goods, availability of haulage, packing materials, implementing new safety measures and operating costs. Additionally, due to the increased demand for various products in recent months, there is a shortage of raw material available to our suppliers meaning the cost of creating certain products has increased (e.g. steel used in the production of wheelbarrows). Lastly, the cost of transport has increased almost 6-fold which is further increasing operating costs.

### Keeping up to date.
